
Colorado.gov Project Request Process

- Eligible Governmental Entity (EGE) Agreement is already completed
- An EGE identifies a project suitable for development through the portal
- The EGE fills out and submits a Project Request Form with assistance from SIPA/Colorado.gov
- SIPA/Colorado.gov reviews the Project Request Form with respect to the General Project Scope Guidelines
- The Project Request is approved or disapproved
- If Project Request is approved, the Prioritization Process begins.
- If the Project Request is disapproved, it will be sent back to the EGE for additional information/clarification or with reasons for disapproval.

Project Request Process Flow
